

Citizen Petition of Redress of State of Florida

Discontinue Sharing Personal Driver's License Information

We the undersigned necessitate/call for the State of Florida to protect the privacy and information of the citizens of the State of Florida. We compel the State of Florida to cease from disclosing, sharing, distributing, selling and profiting from our Florida State driver's license information without obtaining written authorization from every legal Florida Resident or court order for legal purposes. The people's personal information and privacy must not be for sale by the State of Florida.

As a resident of the State of Florida and a citizen of the U.S.A. in good standing, I believe the Florida State law violates my rights to be secure in my papers. The law is in violation of the Constitution of the State of Florida; Section 12, and the Constitution of the United States of America.

As such, I _____ compel the State of Florida to restore my privacy and basic rights as afforded to me under the Constitution of the United States of America, and the Constitution of the State of Florida, expeditiously. Corrective legislation must afford all legal residents of Florida the option to receive one new Florida Driver's License number that has not been shared or sold and to provide a secure driver's license number that cannot be generated from personal information.

Declaration of Independence

*"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. — **That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed,** — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness."*

With this Declaration, "We the People" are the Government of the U.S.A. Those elected to public office derive their powers from the American people. The public servant takes an oath to serve and protect the American people and the Constitution of the United States of America.
